MOTION TO SUPPRESS EVIDENCE

COMES NOW, Defendant, Trenteon King, by and through undersigned counsel, and hereby files his Motion to Suppress Evidence pursuant to the authority of the United States Constitution, Rules, Cases & Statutes of the United States and the State of Alabama, and as in support thereof, Defendant states as follows:

1. Defendant seeks to suppress the following evidence:
 “Any and all physical evidence, scientific tests and/or testimony regarding such evidence and/or any statements made by the Defendant on or about October 2, 2016 when the government searched his house and car.
2. In support of the Defendant’s Motion to Suppress, the Defendant lists the following grounds, as follows:
 - (a) The warrant issued is invalid as there was no probable cause to issue the warrant.
 - (b) The warrantless search of the vehicle was conducted without probable cause.
 - (c) The warrant was issued to the Sheriff of Mobile County but was executed by the Mobile Police Department, which invalidates the warrant as per *Ex Parte Anderson 212 So.3d 252 (Ala. Civ. App. 2016)*.

WHEREFORE, above premises considered, Defendant respectfully requests the Court suppress the evidence after conducting an evidentiary hearing on the viability of the search conducted by the Government.

Respectfully Submitted,
